LARP Shield with Sword symbol.

Ready for Battle (RFB) is the Epic Armoury Cheap range of products. The layer of latex and coating is thinner than the normal Epic Armoury standards, and the designs are very simple with a low detail level. RFB products give a high value for low cost.

Epic Armoury Foam Weapons.

Quality: Epic Armoury Foam Weapons are known by: • Most durable foam on the market • High safety • Strong coating • Round flexible glass fibre core • Strong Kevlar core tip protection • Closed celled foam that does not shred

Maintenance: The Epic Armoury latex coated products needs regular maintenance with Epic Armoury maintenance silicone which is 100% pure and acid free. The silicone will keep the coating flexible and make the weapons last much longer. The maintenance silicone protects the coating from drying out, and helps the weapon resist wear and tear.

Spray the silicone directly on your latex weapon and work it in on the entire surface. Avoid leather handles, and other non-latex or varnish elements.

You can never use too much silicone.

Product parameters:

- Diameter: 52cm
