All FDD weapons are known for their high quality due to the long experience in the production of LRP weapons. This weapon "made in Germany" is constructed of a fibre core covered with thick foam, which in turn is coated with latex for protection. The weapon is provided with an authentic coloring and covered with a protective glossy varnish. The stated length indicates the total length of the weapon and may vary. For the best possible maintenance of your weapon we recommend using silicone spray. PLEASE NOTE: Your Claymore is made for you so there is a delivery time of approximately 4-6 weeks. After ordering you receive an order confirmation via e-mail including delivery date. Your entire order is delivered after finishing.

Product parameters:

- Total length: 150 cm
